

UniTel Voice

SIP Reseller Program

About UniTel Voice

We're UniTel Voice, a privately held technology company headquartered in Naperville, Illinois. Our team of telecom specialists has over 20 years of experience helping businesses large and small improve their call center operations. As a leader in cost reduction, network reliability, and customer service we're confident we can deliver a solution that meets your needs so you can exceed your customers' expectations.

How does it work?

The Reseller Program is simple. We provide you with your own sign-up portal to purchase UniTel Voice SIP services. You can then can turnaround and resell our product alongside your value-added services at whatever price you'd like.

Why partner with us?

We make selling, setting up, and supporting SIP services easy. And most importantly, we make it easy for our partners to make recurring commissions while keeping their customers happy with reliable, high-quality service.

Dedicated Account Management

You get everything you need to be successful including a dedicated account manager and partner support line to quickly get issues resolved and questions answered.

Reliable & Redundant

Monitored 24x7x365, our SIP services are designed to function under the most demanding mission-critical standards. And by using multiple tier 1 network centers, we can safeguard system integrity, ensure a 99.99% uptime, and provide you with the security of knowing your customers will stay connected.

Easy-To-Use Features

Easily make call forwarding changes and set up failovers, numbers, trunks, and channels customized to meet your customers' needs.

Low Prices

There are no long-term contracts, account setup fees, or cancellation charges. You simply pay the lowest price possible for what you need when you need it.

Toll free numbers start at \$0.0180/minute for origination.

Local numbers start a \$0.0045/minute for origination and \$0.0069/minute for termination.

How do you get started?
