

UniTel Voice

VoIP Reseller Program

About UniTel Voice

UniTel Voice is the perfect business phone system for small businesses and startups who want to sound professional and stay connected. With UniTel Voice, your customers can set up local and toll free business numbers, route calls to greetings, extensions, and voicemail, and make and receive calls from anywhere using any device. Plus, with features like faxing, conference calling, call scheduling, and call recording, your customers get everything they need to run and grow their business.

Why partner with us?

We make it easy to sell, set up, and support VoIP services. You get everything you need to be successful including a dedicated account manager and partner support line to quickly get issues resolved and questions answered. But most importantly, we make it easy for you to make recurring commissions while keeping your customers happy.

How does it work?

We offer two types of partnership programs

Affiliate Partner Program

You advertise our products and services using banner ads with an affiliate link. When your customers or website visitors click the affiliate link and then later sign up for UniTel Voice, you get a 20% monthly recurring commission for the life of the account.

Authorized Reseller Program

We provide you with your own sign-up portal for you to purchase UniTel Voice services at a 20% discount. You can then can turnaround and resell our product alongside your value-added services at whatever price you'd like.

How do you get started?

Join our Affiliate Program and start selling today at: customers.unitelvoice.com/partner

Apply to be an Authorized Reseller at: customers.unitelvoice.com/reseller
